

Alex Morgan

Product Manager

alex.morgan@example.test | Example City, Remote | linkedin.com/in/alex-morgan-example

Synthetic example for demonstrating the Career OS workflow. Not real career data.

Summary

Product Manager with 5 years of experience building B2B SaaS workflows, improving onboarding funnels, and partnering with design and engineering teams. Interested in marketplace growth and data-informed product decisions.

Experience

Product Manager, BrightCart | 2022-2025

- Led discovery for seller onboarding improvements across a B2B commerce platform.
- Worked with design and engineering to launch a new dashboard for account activation.
- Improved activation rate from 42% to 55% in a fictional pilot cohort.
- Created product briefs, rollout plans, and stakeholder updates for leadership.

Associate Product Manager, FlowDesk | 2020-2022

- Supported roadmap planning for workflow automation features.
- Analyzed support tickets and user interviews to identify repeated friction points.
- Coordinated QA, release notes, and internal enablement for monthly launches.
- Helped reduce manual onboarding tasks by 18% in a fictional operations workflow.

Projects

Marketplace Quality Signals

- Defined a lightweight scoring model for identifying high-quality marketplace listings.
- Partnered with analytics to create a weekly dashboard for supply quality trends.

Skills

Product discovery, roadmap planning, user research, funnel analysis, stakeholder management, SQL basics, experiment design, B2B SaaS, marketplace operations.

Education

BA Business Administration, Northbridge University, 2020

Note: Some metrics are synthetic and intentionally marked as fictional. A real user should confirm all metrics before using them in a CV.
